## TBS INTERNET Trust Booster

With 15 years heads-on experience and a detailed technology understanding, TBS Internet specialized in online business security. Since 1996, our expertise is appreciated by public listed companies, SMEs, civil services and leading companies.

As certification authority, TBS Internet also designs its own high authentication certificates. Our X509 products are competitive and recognized by over 96% of web browsers.

We maintain platinum level partnership with these certification authorities:

- Single-site server certificates
- Multiple-site server certificates
- Developer certificates
- User certificates
- Trust seals

The satellite encyclopedia  
**Information about artificial satellites**

At the cutting edge of technology, TBS Internet is also a forerunner in the matter of gathering and broadcasting information. TBS Internet publishes one of the three worldwide reference work: The Satellite Encyclopedia.

Consulting  
**Internet: a strong expertise**

TBS Internet advises and guides local ISPs, local or national hosting companies and key accounts' incorporated services.

## IT'S A TRUST THING

945 000 SSL and code signing certificates provided since 1995

The Thawte Trust Seal is available in 18 languages

Thawte holds 50% of the French market since 1998 and 40% of the SSL global market in 1999

Leader in France, Thawte, a member of the VeriSign family, is a giant of the SSL certificates industry.

With 945 000 code signing and SSL certificates issuance since the creation of the certification authority in 1996, the brand is now implanted in 240 countries and holds almost 40% of the global market.
